

# Index

Note: Page numbers set **bold** or *italic* indicate headings or figures, respectively.

## A

ABC, *see* Aneurysmal bone cyst (ABC)

ABI, *see* Ankle brachial index (ABI)

Accessory bones of foot **97**

- accessory navicular **97–98**
- additional rare accessory bones **101**
- os calcaneus secundarius **100**
- os peroneum **99**
- os subfibulare **100**
- os subtibiale **99**
- os trigonum **97**
- os vesalianum **100**

Accessory navicular **98, 314**

- *See also* Navicular **98**
- anatomy **98**
- clinical significance and treatment **99**
- conservative management **315**
- diagnostics and classification **314**
- etiology and pathophysiology **314**
- incidence **99**
- surgical intervention **315**
- symptoms **314**

Achilles ruptures **187**

Achilles tendinopathy, platelet-rich plasma for **333**

Achilles tendon **3–4, 8, 9, 44, 48, 56, 155, 215, 235**

– *See also* Tendon **160, 160, 161–162**

– anatomy **155**

– chronic Achilles tendon rupture **162, 163–164**

– etiology and risk factors **155**

– insertional Achilles tendinopathy **158, 158, 159**

– noninsertional Achilles tendinopathy **156, 156, 157**

– retrocalcaneal bursitis **160**

Achilles tenotomy **300**

Acute Achilles tendon rupture **160, 160, 161–162**

Adipose-derived stem cells (ADSCs) **157**

ADSCs, *see* Adipose-derived stem cells (ADSCs)

AFO, *see* Ankle–foot orthoses (AFO)

AITFL, *see* Anterior inferior tibiofibular ligament (AITFL)

Akin procedure **65**

Amputation **230**

- amputation levels, determination of **230**
- hallux **231, 232**
- hindfoot **235**
- initial wound management **230**
- lesser toe **232, 233**
- midfoot **234**
- ray resection **234**
- successful amputation levels **231**
- Syme's ankle disarticulation **236**
- transtibial **237, 238**
- weight bearing, terminal organ of **230**

Anatomy **31**

– of ankle joint **31**

– of forefoot **35**

– of hindfoot **33**

– of midfoot **34**

Anatomy of foot and ankle **1**

– ankle **1**

–arthrology **1**

–ligaments **1**

–osteology **1, 2**

–syndesmosis **1, 2**

– forefoot **6**

–osteology **6**

– hindfoot **3**

–arthrology **4**

–osteology **3**

– midfoot **5**

–osteology **5**

– muscle anatomy **7**

–foot, layers of **10**

–leg compartments **7**

–neural anatomy **11**

–vascular anatomy **12**

Aneurysmal bone cyst (ABC) **286**

Angiosarcoma **292**

Ankle **1, 226**

– arthrology **1**

– ligaments **1**

– osteology **1, 2**

– syndesmosis **1, 2**

Ankle arthritis **147**

– arthritis, problem of **147**

– conservative management **149**

– diagnostics and classification **148**

– etiology and pathophysiology **147**

– rehabilitation **153**

– surgical intervention **149**

– symptoms and physical examination **148**

Ankle arthrodesis **150, 153**

Ankle arthroplasty **147, 152**

Ankle arthroscopy, *see* Arthroscopy

Ankle brachial index (ABI) **231**

Ankle distraction arthroplasty **272–273**

Ankle fractures **242**

– conservative management **243**

– diagnostics/classification **243**

– etiology and pathophysiology **242**

– posterior malleolar fractures **244**

– rehabilitation **246**

– surgical intervention **244**

– symptoms **243**

– syndesmosis **245**

Ankle instability **185**

Ankle joint **31, 47**

Ankle osteoarthritis, platelet-rich plasma for **333**

Ankle–foot orthoses (AFO) **121, 323**

Ankle–foot orthosis (AFO) **108, 223**

Antalgic gait **40**

Anterior ankle approach **14, 15**

Anterior inferior tibiofibular ligament (AITFL) **1, 186**

Anterior talofibular ligament (ATFL) **31, 185**

Anterior tarsal tunnel syndrome **213**

Anterior tibial tendinopathy **170**

Anterior tibial tendon rupture **170, 171, 171**

Anteroposterior and mortise ankle radiographs **119**

Anteroposterior foot radiograph **119**

Arch heights **44**

Arizona brace **108**

Arthritis **94, 147, 325**

Arthrodesis **123, 150**

Arthrodiastasis **149**

Arthrology **1**

– ankle **1**

– hindfoot **4**

Arthroscopic debridement **149**

Arthroscopy **195**

– anterior ankle **195, 196, 198**

– posterior ankle **197, 200**

– subtalar **203**

–anatomy **203**

–conservative management **204**
