Clinical Syndromes 1

1 Clinical Syndromes in Neurology 2

Differentiation of Central and Peripheral Paresis	2	Polyradiculopathy	10
Bodily Distribution of Paresis	3	Polynuropathy	10
Monoparesis	3	Plexus Lesions	10
Hemiparesis	4	Lesions of a Single Peripheral Nerve	11
Para- and Quadriparesis	4	Dysfunction of the Neuromuscular Junction	11
Lesions Affecting the Anterior Horn Ganglion Cells	5	Myopathy	11
Lesions Affecting a Spinal Nerve Root	5		

Clinical Neurology 13

2 Diseases Mainly Affecting the Brain and its Coverings 14

Characteristics of Diseases of the Brain	14	The Comatose Patient	221
Congenital and Perinatally Acquired Diseases of the Brain	14	Extrapyramidal Syndromes ..	235
Traumatic Brain Injury	45	Cerebellar Syndromes	274
Intracranial Hypertension and Brain Tumors	56	Metabolic Disorders with Cerebral Or Other Neurologic Involvement	285
Infectious Diseases of the Brain and Meninges	75	Systemic Diseases Affecting the Nervous System	299
Disturbances of Cerebral Perfusion and Nontraumatic Intracranial Hemorrhage	131	Dementing Disorders and Other Neuropsychological Syndromes	346

3 Diseases Mainly Affecting the Spinal Cord 389

Characteristics of Diseases of the Spinal Cord	389	Circulatory Disorders of the Spinal Cord	418
Ancillary Tests in Diseases of the Spinal Cord	389	Blood Supply of the Spinal Cord	418
Classification of Spinal Cord Syndromes	391	Spinal Cord Ischemia Due to Deficient Arterial Blood Flow	418
Congenital and Perinatally Acquired Lesions of the Spinal Cord	393	Spinal Cord Ischemia Due to Venous Disturbances	423
Spinal Cord Trauma	395	Degenerative and Heredodegenerative Diseases Mainly Affecting the Spinal Cord	425
Fundamentals of (Complete) Spinal Cord Transection Syndrome	395	Diseases Affecting the Anterior Horn Cells	425
Practical Approach to Acute Traumatic Spinal Cord Transection	399	Spastic Spinal Paralysis	432
Acceleration Injury of the Spine (Whiplash Injury)	402	Amyotrophic Lateral Sclerosis (ALS)	434
Tumors and Other Masses Compressing the Spinal Cord	405	Spinocerebellar Ataxias	437
General Aspects	405	Metabolic Disorders Mainly Affecting the Spinal Cord	441
Types of Mass Compressing the Spinal Cord	406	Vitamin B ₁₂ Deficiency and Funicular Myelosis	441
Infectious, Allergic, and Toxic Diseases of the Spinal Cord and Its Coverings	414	Syringomyelia and Syringobulbia	443
Infectious Diseases of the Spinal Cord	414	Other Diseases of the Spinal Cord	447
Myelitis	416	Radiation-Induced Myelopathy	447
Toxic Myelopathies	417	Decompression Myelopathy ..	447

4 Autonomic and Trophic Disorders 449

Acute Pandysautonomia	454	Congenital Sensory Neuropathy with Anhidrosis	456
Familial Dysautonomia (Riley-Day Syndrome)	455	Sensory Radicular Neuropathy	456
Botulism	455	Pain Asymbolia	456
Insensitivity to Pain	456	Sympathetic Syndromes	457
Congenital Insensitivity to Pain	456	Typical Manifestations	457
		Trophic Disorders	461

5 Demyelinating Diseases 465

Multiple Sclerosis	465	Concentric Sclerosis (Baló's Disease)	484
Typical Clinical Features	466	Diffuse Sclerosis (Schilder's Disease)	484
Epidemiology	467	Acute Disseminated Encephalo- myelitis (ADEM)	484
Clinical Features	467	Neuromyelitis Optica (Devic's Disease)	484
Ancillary Tests	471	Subacute Myelo-optic Neuropathy (SMON)	485
Prognosis	474	Hereditary Demyelinating Diseases	485
Pathologic Anatomy	476		
Etiology and Pathogenesis ...	477		
Treatment	480		
Differential Diagnosis	483		
Other Demyelinating Diseases ..	484		

6 Injury to the Nervous System by Specific Physical Agents 487

Electrical Injury	487	Radiation Injury to the Brain	490
Gas Embolism	488	Radiation Injury to the Spinal Cord	490
Venous Gas Embolism	488	Radiation Injury to the Peripheral Nervous System ...	491
Arterial Gas Embolism	489	Hypothermic Injury	491
Injury Due to Ionizing Radiation	490		

**7 Epilepsy, Other Episodic Disorders of Neurologic Function,
and Sleep Disorders 493**

Epilepsy	493	Treatment of Epilepsy	532
History	493	Prognosis	546
Etiology and Pathogenesis ...	494	Episodic Disturbances of Con- sciousness, Syncope, and Other Nonepileptic Episodes	547
Epidemiology	495	Syncope and Drop Attacks ...	550
Ancillary Diagnostic Tests in Epileptology	495	Disturbances of Consciousness of Metabolic Origin	554
Classification of Epilepsy	501	Drop Attacks	555
Individual Seizure Types	504	Episodic Nonepileptic Motor Phenomena	556
Clinical Patterns of Epilepsy and Epileptic Syndromes	506	Episodic Disorders that are Partly or Wholly Psychogenic	558
Partial (Focal) Seizures	517		
Special Seizure Types and Seizure Etiologies	530		
Procedure after a First Seizure or Multiple Seizures	532		

Neurological Findings in the Unconscious Patient and in Psychogenic Pseudo-Neurological Conditions	560	Sleep and Disturbances of Sleep	563
Neurological Findings in the Unconscious Patient	560	Sleep	563
The Neurological Examination in Psychogenic Pseudo-Neurological Conditions	560	Sleep Disorders	564
		Hypersomnia	565
		Sleep Apnea Syndrome	569

8 Polyradiculitis and Polyneuropathy **575**

Polyradiculitis	575	Polyneuropathy Due to Vitamin B ₁₂ Malabsorption ...	604
Classic Acute Polyradiculitis (Guillain-Barré Syndrome, Landry-Guillain-Barré Syndrome)	576	Autoimmune Polyneuropathy	605
Atypical Polyradiculitis	580	Polyneuropathy Due to Infectious Disease	606
Polyneuropathy	582	Polyneuropathy Due to Arterial Disease	606
General Features	582	Polyneuropathy Due to Sprue and Other Malabsorptive Disorders	608
Hereditary Polyneuropathy ..	588	Polyneuropathy Due to Exogenous Toxic Substances	609
Polyneuropathy Due to Metabolic Disorders	598	Polyneuropathy of Other Causes	613
Polyneuropathy Due to Improper or Inadequate Nutrition	604		

9 Diseases Affecting the Cranial Nerves **617**

Disturbances of Olfaction	623	Abnormal Findings in the Optic Disks	630
Anosmia	623	Oculomotor Disturbances	630
True Combined Anosmia and Ageusia	624	The Neuroanatomical Basis of Ocular Motility	634
Cacosmia	624	Preliminary Remarks on the Examination of Ocular Motility	636
Visual Disturbances of Neurologic Origin	624	Ancillary Tests in Oculomotor Disturbances	639
Loss of Vision	624		
Visual Field Defects and Perceptual Disturbances	625		

General Principles of Ocular Motility	641	Facial Myokymia	679
Some Diseases in which Oculomotor Disturbances are Prominent	652	Facial Tic	679
Diseases that Mimic Supranuclear Disturbances of Eye Movement	653	Progressive Facial Hemiatrophy	679
Lesions of the Cranial Nerves Subserving Eye Movement and their Brainstem Nuclei	654	Disturbances of the Vestibulocochlear Nerve (Statoacoustic Nerve, Auditory Nerve)	680
Ptosis	662	Anatomy	680
Treatment of Oculomotor Disorders	663	Testing of Hearing	680
Pupillary Disorders	664	Cochlear, Retrocochlear, or Central Hearing Loss?	682
Anatomy and Clinical Examination of the Pupils	664	Diseases Causing Hearing Loss	683
Abnormal Size and Shape of the Pupils	664	Ancillary Tests in the Diagnostic Evaluation of Hearing Loss ...	690
Abnormalities of Pupillary Reactivity	664	Tinnitus and Other Abnormal Sounds	690
Trigeminal Disturbances	670	Vertigo	691
Facial Nerve Disturbances	673	Diseases Causing Prominent Vertigo	702
Cryptogenic Peripheral Facial Nerve Palsy	673	Glossopharyngeal and Vagus Nerve Dysfunction	712
Bilateral Facial Nerve Palsy ...	676	Accessory Nerve Palsy	713
Melkersson-Rosenthal Syndrome	677	Hypoglossal Nerve Palsy	715
Other Causes of Peripheral Facial Nerve Palsy	677	Multiple Cranial Nerve Palsies ..	716
Disturbances of Taste	678	Cranial Polyradiculitis	716
Hemifacial Spasm	678	(Recurrent) Multiple Cranial Nerve Palsies	716
		Progressive Palsies of Multiple Cranial Nerves	716
		Garcin Syndrome	716
		Rarer Causes	716

10 Spinal Radicular Syndromes 717

General Symptoms and Signs ...	718	Lumbar Disk Herniation	730
Intervertebral Disk Disease as a Cause of Radicular Syndromes ..	728	Mass Lesions in and Adjacent to the Spinal Nerve Roots	738
Cervical Disk Herniation and Spondylosis	729	Other Radicular Syndromes	739
Thoracic Radicular Syndromes	730	Herpes Zoster	739

11 Lesions of Individual Peripheral Nerves **741**

General Clinical Features	741	Axillary Nerve	767
Ancillary Tests	742	Suprascapular Nerve	768
Classification and Quantification of Peripheral Nerve Lesions	746	Musculocutaneous Nerve	768
Peripheral Nerve Regener- ation	748	Radial Nerve	768
Pain Syndromes due to Peripheral Nerve Lesions	748	Median Nerve	771
Brachial Plexus Palsies	749	Ulnar Nerve	775
Traumatic Brachial Plexus Palsies	751	Lumbosacral Plexus	780
Other Causes of Brachial Plexus Palsy	762	Genitofemoral and Ilioinguinal Nerves	780
Differential Diagnosis of Brachial Plexus Palsies	766	Femoral Nerve	787
Long Thoracic Nerve	767	Lateral Femoral Cutaneous Nerve (Meralgia Paresthetica)	788
		Obturator Nerve	789
		Gluteal Nerves	790
		Sciatic Nerve	791
		Common Peroneal Nerve	792
		Tibial Nerve	795

12 Headache and Facial Pain **797**

General Aspects	798	Spondylogenic Headache and Cervical Migraine	817
History-Taking from Patients with Headache	798	Neck-Tongue Syndrome	818
Classification of Headache and Facial Pain	798	Other Symptomatic Forms of Headache	818
Examination of Patients with Headache	802	Headache Due to an Intracranial Mass	818
Pathogenesis of (Primary) Headache	802	Headache Due to Intermittent Obstruction of CSF Flow	819
The Major Primary Headache Syndromes	803	Syndrome of Low Cerebro- spinal Fluid Volume (Hypo- liquorrhea)	819
Tension-Type Headache	803	Pseudotumor Cerebri	820
Post-Traumatic Headache	804	Headache Due to Ocular Disorders	820
Migraine	805	Headache Due to Disorders of the Ear, Nose, and Throat	820
Headache in Organic Vascular Disease	815	Headache Due to Systemic Disease	820
Cranial Arterial Occlusion	815	Psychogenic Headache	821
Aneurysmal Subarachnoid Hemorrhage	815	Drug-Induced Headache	821
Arterial Hypertension	816		
Pheochromocytoma	816		
Temporal Arteritis	816		

Facial Pain	821	Other Types of Facial Pain	825
Neuralgias	821		

13 Pain Syndromes of the Limbs and Trunk 833

Pain in the Shoulder and Arm (Cervicobrachialgia)	835	Back Pain	840
Pain Syndromes of the Trunk and Back	839	Pelvic Pain and Pain in the Lower Limb	843
Pain in the Trunk	839	Other Regional and Generalized Pain Syndromes	848

14 Myopathies 851

General Aspects	851	Myositis	901
Muscular Dystrophies	861	Myopathy in Endocrine Diseases	907
Myotonias and Periodic Paralyses	877	Muscular Manifestations of Electrolyte Disturbances	908
The Myotonias	877	Muscular Manifestations Due to Medications, Intoxications, and Nutritional Deficiencies	909
Heterogeneous Syndromes Involving Excessive Muscle Fiber Activity	882	Disorders of Neuromuscular Transmission	911
Periodic Paralyses	884	Myasthenia Gravis (Myasthenia Gravis Pseudoparalytica, Erb- Goldflam Disease)	911
Metabolic Myopathies	888	Lambert-Eaton Myasthenic Syndrome	922
General Aspects of Energy Metabolism in Muscle	888	Congenital Myasthenic Syndromes	923
Clinical Presentation and Diagnostic Evaluation of the Metabolic Myopathies	889	Other Myasthenic Syndromes	924
Specific Metabolic Myopathies	891	Common Muscle Cramps	924
Myoglobinuria	893		
Mitochondrial Encephalomyo- pathies	895		
Congenital Myopathies	899
