Treacher Collins syndrome 175
Trousseau syndrome 208
tuberculosis 242–244
tumor
 vs. cervical abscess/cellulitis 216
 vs. endocrine orbitopathy 52
 vs. eosinophilic granuloma 13
 vs. fibrous dysplasia 12
 vs. intraoral abscess 161
 vs. inverted papilloma 100
 vs. laryngeal edema 134
 vs. nasopharyngeal
 angiofibroma 98
odontogenic, vs. nonodontogenic
 cyst 149
vs. parapharyngeal abscess 117
vs. peritonsillar abscess 114
vs. petrous apex pneumatization 22
recurrent/residual, vs. iatrogenic
 changes 235
vs. rhabdomyosarcoma 48
salivary glands 177
vs. sinusitis 83
vs. spondylodiskitis 111
vs. thyroid cartilage fracture 136
Warthin 178–180
vs. Zenker diverticulum 131
see also carcinoma; metastases;
 neoplasia/neoplasms
turbinates, nasal, pneumatization 76

V

- varices, vs. orbital hemangioma 60
vascular malformations, vs. cervical
 hemangioma 222
Virchow triad, jugular vein
 thrombosis 208
vitreous, persistent hyperplastic,
 vs. retinoblastoma 67

W

- Waldeyer ring 249
 lymphoma 122–124
Warthin tumor 178–180
 vs. pleomorphic adenoma 195
 vs. salivary gland abscess 192
 vs. salivary gland carcinoma 201
 vs. Sjögren syndrome 189
Wegener granulomatosis 83, 94–96
 vs. carcinoma 102
 vs. glottic carcinoma 146
 vs. laryngeal edema 134
WHO classification
 goiter 228
 meningioma 15
 odontogenic cyst 156

Z

- Zenker diverticulum 129–131
 vs. cervical prevertebral
 abscess 140
