AIS treatment 320
Alar ligament 4
ALARA distance recommendation, for
radiation exposure 51
Alcohol consumption and
hemorrhage 385
Alcohol withdrawal seizure 114
Alcohol withdrawal syndrome 45
Alcohol withdrawal syndrome 47
Allograft dural substitutes 420
Alpha 2 adrenergic receptor
agonist 22
Alpha 2 receptors 21
Alpha frequency 58
Alpha sympathomimetic 28
ALS vs. CSM differentiation 313
American Society of Anesthesiologists
(ASA) grading system 21
American/English/French Connection
classification 334
Aminoglycosides, in intrathecal
treatment 87
Amoeba causing CNS infection 89
Amoebic CNS infection 89
Amphotericin B
– for cryptococcal infection 89
– for Naegleria fowleri 90
Amygdalohippocampectomy 454
Amyotrophic lateral sclerosis (ALS) 41,
412
Analgesic overdose and respiratory
issues 32
Analgesics for visceral or
deafferentation pain 32
ANCA-associated vasculitis 46
Ancillary confirmatory tests 79
Anderson and D Alonzo
classification 281
Anderson and Montesano
classification 280
Anencephaly 71
Aneurysm
– etiologies 349
– location and symptoms 350
– size and management
recommendations 358
Aneurysmal bone cyst 235
Aneurysmal rupture treatment during
coiling 461
Aneurysmal SAH risk during
pregnancy 342
Aneurysmal subarachnoid
hemorrhage 341
Aneurysmal subarachnoid hemorrhage
(aSAH) 25, 341
Aneurysms 351
Aneurysms associated with moyamoya
disease 377
Angiocentric glioma 161
Angiographically occult
malformations 365
Angiographically occult vascular
malformations 365
Angular gyrus 3
Ankylosing spondylitis 329
Ankylosing spondylitis diagnosis 329
Annual hemorrhage rate for Zabramski
classification 366
Anoxic anoxia 76
Anoxic encephalopathy 58, 76
Anterior cerebral artery
– infarction 10
– involvement 347
– segment 8
Anterior cervical fusion graft
options 308
Anterior chiasmal syndrome,
causes 140
Anterior choroidal artery 4, 10
Anterior column 288
Anterior corpectomy and cage
fixation 326
Anterior horn cells 126
Anterior inferior cerebellar artery
(AICA) 10
Anterior interosseous nerve palsy 130
Anterior limit of spinal canal 51
Anterior longitudinal ligament
hypertrophy 312
Anterior lumbar interbody fusion
(ALIF) 324, 437
Anterior margin of spinal canal on X-
ray 52
Anterior odontoid fixation 434
Anterior odontoid screw fixation 435
Anterior spinal canal contour line 52
Anterior spinal canal limit mark 51
Anterior spinal canal margin
marker 51
Anterior spinal cord syndrome 330
Anterior spinal syndrome 275
Anterior temporal tip cyst 63
Anterior transoral
odontoidectomy 436
Antibiotic cover duration after
pituitary surgery 218
Antibiotic prophylaxis for pituitary
surgery 217
Antibiotics, for ALS 41
Anticholinergic effect 119
Anticoagulation, for large infarcts 381
Anticonvulsant barbiturates 21
Antiepileptic drugs (AED) liver
function tests 108
Antiepileptic drugs (AED) post-
surgery 454
Anti-Parkinson drugs dosage
adjustment post-DBS 444
Antiseizure medication
– dosage adjustment 110
– for absence seizure 109
Antiviral for ALS 41
Antivirals, for Guillain-Barre
syndrome 41
Anton Babinski syndrome 14
Apnea test criteria 79
Apneic breathing 75
Apolipoprotein E (apoE-4) in TBI
prognosis 268
