

Index

Note: Page numbers set **bold** or *italic* indicate headings or figures, respectively.

A

Abscess of the floor of the mouth **283**
Abscesses **436**
Absent recruitment 18
Absolute indications 233
Achalasia **407**
Acinar cell tumors **491**
Acoustic agnosia **119**
Acoustic system 17
Acousticofacial reflex 38
Acoustics 368
Acquired immune deficiency syndrome (AIDS) **276**
Acrolentiginous malignant melanoma 248
Actinic keratoses 62
Actinomycosis 286
Acute acoustic trauma 95
Acute bacterial infections **478**
Acute cervical lymphadenitis **437**
Acute epiglottitis **347**
Acute erysipelas 163
Acute inflammation 70
Acute intubation injury **343**
Acute laryngitis **346**
Acute laryngotracheobronchitis in children **393**
Acute mastoiditis 74
Acute otitis media 70, 94
Acute pharyngitis **301, 301**
Acute rhinosinusitis 187
Acute sore throats 301
Acute stenosis **381**
Acute subglottic laryngitis **346**
Acute tonsillectomy 298
Acute tonsillitis **286, 296**
Acute tubal occlusion (serotympanum) **66**
Acute unilateral vestibular paralysis acute 111
Acute vocal trauma **341**
Adaptation methods **419**
Adenocarcinoma **494**
Adenoid cystic carcinoma (cylindroma) **493**
Adenoma **488**
Advancement flaps 242
Aerodynamics 368
Afferent auditory pathways 13
Afferent sensory taste fibers visceroeffluent neurons 14
Age-dependent conditions **474**
Age-related hearing loss presbycusis 18
Ageusia 263
Agranulocytosis **291**
Allergic glossitis **282**
Allergic rhinitis and its impact on asthma (ARIA) 169
Allergic stomatitis 275
Ambulatory pH-monitoring **398**
Ampullary crest crista ampullaris 9
Ampullopetal stimulation 19
Anatomic boundary 1
Anatomy and physiology of the major and minor salivary glands **472**
Anatomy of the ethmoid bone 137
Anatomy of the middle ear cavity 4
Aneurysms **449**
Angiography 25
Angiography/digital subtraction angiography 156
Anomalies of the mouth and pharynx **308**
Anomic aphasia 377
Anosmia 154
Anterior ethmoidal labyrinth 178
Anterior nasal packing 216
Antineutrophil cytoplasmic antibodies (ANCA) 174
Aperiodic vibration 15
Aphasia **374**
Arterial blood supply originates 7
Arteriovenous malformations (AVM) 220
Articulation disorder **370**
ASA deactivation 189
Assessment of nasal patency 152
Atresias and webs **334**
Audible stridor 335
Audiometry 15, **29**
Auditory brainstem implant (ABI) 123
Auditory brainstem response (ABR) 39, 41
Auditory cortex 12
Auditory evoked potentials (AEPs) 37
Auditory rehabilitation 119
Auricle cartilaginous meatus 3

Auriculotemporal branch of the trigeminal nerve 7
Auriculotemporal syndrome or Frey syndrome (gustatory sweating) **487**
Autogenous nerve grafts 130
Axis of ossicular chain movement 6

B

Balance and hearing 111
Balance mechanism system 8
Balance system, physiology of 19
Barotrauma of the sinuses **231**
Basic anatomy and physiology **424**
Basic physiology **433**
Basic principles in the treatment of salivary tumors **495**
Basic surgical procedures **496**
Basilar artery 7
Behçet disease **277**
Benign lymphadenitis **288**
Benign lymphoepithelial lesion **482**
Benign snoring 321
Benign tracheal tumors **394**
Benign tumors **62, 351, 410, 450, 488**
Benign tumors of the nasopharynx **318**
Besnier-Boeck-Schaumann syndrome **483**
Bilateral lesions 1
Bilateral manifestations of the disease 92
Bilateral recurrent nerve paralysis **339**
Bilobed flap 243
Biopsy **436, 478**
Bipolar neurons 13
Black hairy tongue 283
Blood vessels **427**
Blood–brain barrier for antibiotics 86
Blow-out fracture 230
Bluish-violet swelling 172
Blunt injuries **401**
Body-cover model **364**
Bolus retention 271
Bony complications **211**
Bony labyrinth 8
Bony meatus 2
Bony orbit, fractures of **229**

Bowen disease—squamous cell carcinoma in situ **280**
Brainstem evoked response audiometry (BERA) 39
Branchial cysts **446**
Branchial cysts and fistulas **444**
Branchial fistulas and sinuses **445**
Broad-spectrum antibiotic 210
Broca aphasia 377
Bronchial carcinoma **395**
Bronchiectasis **393**
Bulging 24
Burning mouth syndrome 285
Burning of the tongue 285
Button battery ingestion **400**

C

C-reactive protein (CRP) 165
Cacogeusia 263
Caisson disease diving accidents **96**
Caloric labyrinthine testing 48
Candidal stomatitis **275**
Capillary hemangioma 214
Carcinoma **394**
Carcinoma in pleomorphic adenoma **494**
Carcinoma in situ of the laryngeal mucosa **353**
Carcinoma of occult primary (COP) **456**
Carcinoma of the external auditory meatus 64
Carcinoma of the lip **315**
Carcinoma of the tonsil **317**
Carcinoma of unknown primary (CUP) origin **456**
Carcinomas of the oral cavity **315**
Cardiospasm **407**
Cartilaginous meatus 2–3
Cartilaginous part 2
Cartilaginous saddle nose 238
Cartilaginous septum **134**
Cat-scratch disease **440**
Catheter-based balloon sinuplasty 193
Caustic ingestion **400**
Cavernous sinus thrombosis 210
Cavernous spaces 139
Cellular defense mechanisms 145
Central auditory pathway 18

- Central auditory radiation 12
 Central balance disorders 114
 Central connections of the balance mechanism 13
 Central connections of the organ of corti 12
 Central control of swallowing 411
 Central hearing disorders 18, 36
 Central middle-third fractures 228
 Central nervous system 1
 Central vestibular compensation 21
 Central vestibular connections 13
 Central vestibular disorders 113
 Central vestibular disorders multifocal lesions 113
 Central vestibular system 20
 Cerebellopontine angle (CPA) 1
 Ceruminous glands 2
 Cervical lipoma 450
 Cervical lymphatic system 429
 Cervical rib 447
 Cervical spine syndrome 441
 Cervical syndrome 113, 441
 Cheilitis 273
 Cheilitis granulomatosa 273
 Child otoscope technique 24
 Choanal atresia 235
 Choanal polyps 187
 Cholesteatoma 3–4, 76
 Chondromas 352
 Chorda tympani 4, 14
 Chronic cervical lymphadenitis 438
 Chronic epitympanitis 5
 Chronic ethmoidal sinusitis 179
 Chronic hyperplastic inflammation 5
 Chronic inflammation 481
 Chronic intubation injury 343
 Chronic laryngitis 348–349
 Chronic maxillary sinusitis 180
 Chronic nonspecific laryngitis 348
 Chronic otitis 128
 Chronic otitis media 5, 76
 Chronic otitis media with cholesteatoma 77
 Chronic pharyngitis 302
 Chronic recurrent aphthae 277
 Chronic recurrent parotitis 481
 Chronic recurring disease 273
 Chronic rhinosinusitis (CRs) 145, 187
 Chronic sclerosing sialadenitis of the submandibular gland (Küttner tumor) 481
 Chronic stenosis 382
 Chronic tonsillitis 293
 Chronic vocal trauma 342
 Cleft face and nose 234
 Cleft lip, jaw, and palate 234, 309
 Closed fracture 225
 Closed or intact canal wall technique 80
 Coated tongue 283
 Cochlea acoustic end organ 10
 Cochlear duct 15
 Cochlear neuron 17
 Cochleovestibular disorders 107
 Columella 134
 Columnar epithelium 5
 Combined fractures 229
 Combined injuries of the tympanic membrane 96
 Combined vehicles 161
 Commissural systems 12
 Compensatory techniques 271
 Completely deaf child 126
 Compound fracture of the nasal bone nasal pyramid 226
 Computed tomography 476
 Conduction aphasia 377
 Conduction bone conduction 32
 Conductive deafness 1
 Conductive hearing loss 30
 Conductive or middle ear hearing loss 18
 Congenital and hereditary anomalies 393
 Congenital anomalies 234, 333, 443
 Congenital anomalies and fistulas 409
 Congenital anomalies of the middle and internal ear 106
 Congenital anomalies of the nose 234
 Congenital esophageal stenosis 409
 Conjugated eye movements 20
 Connecticut chemosensory clinical research center (CCCCRC) test 154
 Conservative treatment 182
 Constant discharge of action potentials 19
 Constant intensity variable frequency 17
 Contact allergy 285
 Contact dermatitis jewelry containing nickel 59
 Contact granuloma 342
 Contact point pain (sluder neuralgia) 191
 Conventional radiology 155
 Corti, functional structure of organ of 10
 Cortical auditory centers 18
 Corticosteroids 177
 Costoclavicular compression syndrome 447
 Cough reflex hypoesthesia 3
 Cowden syndrome 467
 Coxsackievirus 481
 Cranial nerve IX 304
 Cranial nerve palsies 57
 Cranial nerve X 304
 Cricopharyngeal incoordination 408
 Cricothyrotomy 385, 389
 Croup 393
 Croup syndromes 348
 Cupula 9
 Customized flaps 242
 Cylindroma 493
 Cystadenolymphoma (warthin tumor) 490
 Cystic fibrosis 204, 285
 Cysts 206, 485
 Cytomegalovirus 480
- D**
 Deafness, genetic forms of 125
 Decongestant nose drops 172
 Decongestant nose drops oral decongestants 167
 Defective enzyme system 8
 Deficient aeration 5
 Deficient local immune system 8
 Deformities of the nose 239
 Degree of hearing loss 30
 Delivery approach for shaping the nasal tip 237
 Depolarization 17
 Depolarization effect 19
 Dermatologic diseases 272
 Dermoid cysts 235
 Diabetes mellitus 285
 Diagnostic imaging 435, 476
 Diagnostic procedures in thyroid disorders 462
 Diagnostic work-up 457
 Diphtheria 290
 Diphtheritic tracheitis 393
 Direct injuries to the tympanic membrane and middle and internal ear 95
 Directional hearing 18
 Disorders of taste 263
 Distortion products of otoacoustic emissions (DPOAEs) 40, 40
 Disturbed balance 21
 Down syndrome 270
 Drooling 271
 Drug-induced sleep endoscopy (DISE) 322
 Dural tears 231
 Dyslalia 370
 Dysphagia 271, 271
 Dysplasia 353

 Percutaneous tracheotomy 388
 Perichondrium 1
 Perilymph 8
 Perilymphatic and endolymphatic space 15
 Perilymphatic fistula 114
 Perilymphatic system 8
 Perineural-fascicular nerve suture 130
 Perineurium 14
 Periodic vibrations 15
 Peripheral cochlear neuron 16
 Peripheral facial paralysis 128
 Peripheral functional failure 21
 Peripheral part 1
 Peripheral receptor apparatus 1
 Peripheral vestibular disorders 113
 Peritonsillar abscess 298
 Peritonsillar abscess (quinsy) 297
 Persistent idiopathic facial pain 191
 Petrosal temporal bone 25
 Petrous apex lesions 106
 Phantogeusia 263
 Pharyngeal area 300
 Pharyngeal bursa 303
 Pharyngeal diphtheria 303
 Pharyngeal diseases 304
 Pharyngeal inflammations 300
 Pharyngeal lymphatic ring 286
 Pharyngeal mucosa 303
 Pharyngeal ostium 3
 Pharyngeal phase 413
 Pharyngeal pouch 307
 Pharyngeal spasm 307
 Pharyngeal type 288
 Pharyngoplasty 310
 Physiologic functions of the saliva 473
 Plain radiographs 477
 Plain sinus radiography 155
 Pleomorphic adenoma 488
 Plummer-Vinson syndrome 285, 303
 Pneumatic otoscope 24
 Pneumatic otoscope with loupe 24
 Pneumatic system 3
 Pneumatic system of the temporal bone 7
 Pneumatization 7–8
 Pneumatization proceeds 7
 Politzer balloon 48
 Polyps, classification of 186
 Positive or negative angular acceleration 19
 Positive recruitment 18
 Positron emission tomography 477
 Posterior nasal packing 219
 Posterior rhinoscopy 148, 149
 Posterior semicircular canal 13
 Posterior semicircular canal (p-BPPV) 112
 Posterosuperior quadrant of the tympanic membrane 6
 Posttraumatic disorders of inner ear function 94
 Posttraumatic meningoencephalocele 235
 Potassium-sodium exchange pump 8
 Pressure regulator 37
 Pressure transformation 15
 Primary ciliary dyskinesia 205
 Primary removal of the brain abscess 88
 Primary snoring 321
 Principal closing mechanism 3
 Principles of surgery 458
 Provoked nystagmus 46
 Pseudostratified ciliated epithelium 5
 Psychogenic glossodynia 285
 Psychogenic voice disorder 369
 Psychologically unacceptable deformity 1
 Pterygopalatine ganglion 191
 Pyramidal pathway 13
- R**
- Radiation sialadenitis 484
 Radical parotidectomy for malignant tumors 497
 Radiological assessments 414
 Radiologically inserted gastrostomy (RIG) 422
 Random-pattern and axial-pattern flaps 242
 Rare benign nasopharyngeal tumors 319
 Reconstructive procedure 81
 Recurrent laryngeal nerve paralysis 337
 Recurrent respiratory papillomatosis 352
 Red tongue 283
 Redundancy 18
 Reflex eye movements 20
 Regions 424
 Regurgitation 271
 Rehabilitation of the laryngectomees 360
 Reinke edema 351
 Reissner membrane 15
 Relative hearing threshold 29
 Relative indications 233
 Removal of the submandibular gland 497
 Repositioning of fractures of the nasal bone 225
 Rerouting 130
 Respiratory epithelium 139
 Response audiometry 41
 Restricted pneumatization 8
 Retention cysts 352
 Retraction of the tympanic membrane 24
 Retropharyngeal abscess in adults 300
 Retropharyngeal abscess in children 300
 Rhagades of the commissures 271
 Rhinogenic headache 191
 Rhinogenous meningitis 210
 Rhinolalia aperta 270
 Rhinophyma 164
 Rhinoscleroma 166, 166
 Rhinosinusitis HIV 190
 Rhinosinusitis in children 201
 Rhomboid calcium carbonate crystals 8
 Riedel method 199
 Rigid endoscopy of the larynx 331
 Rubella embryopathy 126
- S**
- Saddle nose 238
 Sagittal, vertical fractures 226
 Salivary glands 471
 Salivary tumors 488
 Santorini fissures 2
 Saprophytic forms 203
 Sarcoidosis (Besnier-Boeck-Schaumann disease) 164
 Sarcoidosis (Boeck disease) 440
 Sarcoidosis of the parotid glands 483

- Scala vestibule 8
 Scalenus syndrome (Naffziger syndrome) **447**
 Scarlet fever **290**
 Scleroma of the larynx **350**
 Seasonal allergic rhinitis 168
 Seborrheic keratosis 62
 Secondary vestibular pathway 13
 Secretolytic agents 177
 Selective arterial embolization: interventional radiologic embolization 218
 Self-cleansing mechanism of the external meatus 4
 Semicircular canal **10**
 Semicircular canal, ampulla of **10**
 Sensorineural hearing 114
 Sensorineural hearing loss 30, 32
 Sensorineural hearing loss. Noise-induced hearing loss 18
 Sensory hair cells 9
 Sensory hearing loss 18
 Sensory innervations 3
 Septal deviation 222
 Septum, diseases of **221**
 Serous exudates 24
 Short esophagus **409**
 Sialadenosis **486**
 Sialography **477**
 Sialolithiasis **484**
 Simple fracture **225**
 Single skin lesions 166
 Sinus infections **206**
 Sinus ostium 146
 Sinus thrombosis **210**
 Sjögren disease 285
 Sjögren syndrome 303
 Sleep endoscopy **322**
 Slightly granular surface 172
 Snoring without sleep apnea 321
 Social deafness 118
 Social reintegration 361
 Somatosensory regulatory mechanisms 21
 Sonography **476**
 Sound frequency and sound intensity coding play 17
 Sound frequency coding 17
 Sound intensity coding 17
 Sound perception, disorders of 18
 Sound stimulus 16
 Sound transmission 15
 Sound, formation of **264**
 Sound, properties of 30
 Sound-conducting apparatus 32
 Spaces **426**
 Spasmodic dysphonia **369**
 Spatial orientation upright posture 19
 Spatial orientation, upright posture 19
 Special techniques **436**
 Specific conditions **463**
 Specific history **434**
 Specific inflammatory lymphadenopathy **438**
 Specific language impairment **372**
 Speech **364, 370**
 Speech, formation of **264**
 Sphenoid sinus surgery **199**
 Spiral cochlear ganglion 12
 Spiral CT **476**
 Spiral ganglion 10
 Spontaneous otoacoustic emissions (SOAEs) 16
 Spontaneous tone reaction in the arms 42
 Sporadic recessive deafness 125
 Squamous cell carcinoma **494**
 Stapedial reflex 38
 Stapedotomy 92
 Static macula 9
 Stenosis and atresia of the nostrils **235**
 Stimulus distribution 15
 Stimulus transformation 16
 Stimulus transport 15
 Stomatitis 273
 Stratified cuboidal epithelium 5
 Stria vascularis 8
 Stroboscopy **333**
 Structure, and congenital anomalies **471**
 Stuttering 371
 Styloid process syndrome **304**
 Stylomastoid artery 7
 Subcortical auditory centers 18
 Subdural abscess 209
 Subdural empyemas 85
 Subglottic laryngitis **393**
 Subglottic stenoses **335**
 Subglottic stenosis **343**
 Sublingual gland **473**
 Submandibular gland **472**
 Submucous septoplasty 222
 Subperiosteal abscess 74, 208
 Sudden sensorineural hearing loss (SSHL) **116**
 Sulfomucopolysaccharides 8
 Superficial infections **436**
 Superficial parotidectomy with preservation of the facial nerve for benign tumors **496**
 Superior laryngeal nerve **340**
 Superior semicircular canals 13
 Superior wall of the sphenoid sinus 138
 Supplementary suprathreshold tests 32
 Supraglottic carcinoma 362
 Surface lesions of the tongue 283
 Surgery to the cricopharyngeal sphincter **420**
 Surgical therapy **420**
 Swallowing **261, 411**
 Swinging door technique 222
 Synechiae **343**
 Syphilis **165, 278, 303, 439**
 Syphilitic tonsillitis **291**
 Syringing 23
- ## T
- T1-weighted imaging sequence with contrast administration (Gd-DTPA) 26
 Targeted antibiotic administration for inflammatory exacerbations 188
 Temporal bone fractures 93
 Temporomandibular (TM) 3, 190
 Temporomandibular joint 1
 Therapy-resistant neuralgias 276
 Thornwaldt cyst **303**
 Thrombophlebitis 163
 Thyroglossal duct cysts and fistulas **443**
 Thyroid gland **461**
 Thyroiditis **465**
 Timbre 31
 Time-periodicity analysis 18
 Tinnitus **120**
 Tone 31
 Tongue **254, 281**
 Tongue depressor 149
 Tonotopy 17
 Tonsillar tuberculosis **291**
 Tonsillitis **288**
 Tonsillotomy 296
 Tonsils **263**
 Topical dermatologic therapy **160**
 Topical steroids 188
 Torticollis **447**
 Total ossicular replacement prosthesis (TORP) 81
 Toxoplasmosis **440**
 Toynbee test 27
 Tracheitis **393**
 Tracheitis sicca **393**
 Tracheobronchial stenoses **380**
 Tracheobronchial tree **378**
 Tracheobronchoscopy **378**
 Tracheoesophageal fistula **409**
 Tracheostomy **360, 385**
 Tracheostomy patient **391**
 Tracheotomized patient **391**
 Tracheotomy **385**
 Transcortical motor aphasia 377
 Transcortical sensory aphasia 377
 Transient evoked otoacoustic emissions (TEOAE) **40**
 Transverse pyramidal fractures **94**
 Trauma **59, 392, 442, 487**
 Trauma in the mouth and pharynx **305**
 Trauma of the middle and inner ear **92**
 Trauma of the middle-third of the face and the sinuses **226**
 Trauma to the nose **224**
 Traumatic facial paralysis **129**
 Traumatic neuralgia 191
 Treatment of the mucosa **305**
 Trench mouth **292**
 Trigeminal nerve 191
 Trisomy 13 125
 Trisomy 18 125
 Tubal cartilage 3
 Tubal function 27
 Tuberculosis **90, 273, 278, 303**
 Tuberculous lymphadenopathy **438**
 Tularemia (rabbit fever, deer fly fever) **440**
 Tumors **62, 394, 450**
 Tumors of the esophagus **410**
 Tumors of the hypopharynx **321**
 Tumors of the mouth and pharynx **310**
 Tuning fork tests 27
 Tympanic arteries 7
 Tympanic branch of the glossopharyngeal nerve 7
 Tympanic cavity 5
 Tympanic membrane 3–4, 15, 24
 Tympanometry 27, 37
 Tympanoplasty 76, 81
 Tympanosclerosis 69
- ## U
- Ulceromembranous pharyngitis **292, 303**
 Ulceromembranous stomatitis **273**
 Unilateral nasal obstruction 171

- Unilateral or bilateral paralysis of the superior laryngeal nerve **339**
- Unilateral or bilateral recurrent nerve paralysis **338**
- Unilateral recurrent nerve paralysis **337**
