

Index

Page numbers in *italics* refer to illustrations.

A

abscess
– periodontal 190, 191
– subperiosteal 196, 197
Abt–Letterer–Siwe syndrome 278
acrofacial dysostosis 220, 222
addition effects 30, 32, 70
adenomatoid odontogenic tumor 262, 263, 264
Albers–Schönberg syndrome 292, 293
Albright's hereditary osteodystrophy 160
alveolar ridge
– age-related involution 194, 195
– atrophy 160, 194, 195
– course of 184–187
– fracture 304, 305, 308, 309
amalgam particles 320, 323
ameloblastic fibro-odontoma 256, 257, 260
ameloblastic fibrodentinoma 260
ameloblastic fibroma 256, 257, 258
ameloblastic fibrosarcoma 298, 299
ameloblastoma 254, 255, 256, 258
amelogenesis imperfecta 152–154, 153, 172
anatomy, maxillary sinuses 208, 209
– *see also* radiographic anatomy
aneurysmatic bone cyst 278, 279, 280
ankylosis, temporomandibular joint 230, 231
apical granuloma 210, 211
apical projection 40–51
arteriosclerosis 168

arthritis, temporomandibular joint 222, 224, 226, 227
arthro-ophthalmopathy 150
arthropathies
– diagnosis 234, 235
– primary 220–231
– secondary 232–237
articular disk 236, 237
– displacement 236, 237
atrophy, alveolar 194, 195

B

bite plane 4, 5, 12, 13
bitewing radiographs 40, 54–57, 70, 71
Böök syndrome 162
bone cysts
– aneurysmatic 278, 279, 280
– solitary 278, 279
bone resorption 194, 195
– subperiosteal implant and 316, 317
bone scars 204
brown tumors 294
burn-out effect 16, 17, 180, 181

C

calcifications 166–171
– arteries 168
– cervical lymph node 166, 167, 168
– parotid gland 166, 167, 168
calcifying epithelial odontogenic tumor 260, 261, 262
calcifying odontogenic cysts 262, 263, 264
calculus *see* dental calculus
canines
– impacted 114, 115, 158, 159
– mandibular 48, 49, 76, 77
– maxillary 44, 45, 72, 73
Capdepon syndrome 150, 151, 152, 164
carcinoma 194, 296, 297
caries 164, 165, 172–181, 186, 186, 210, 211
– cervical 178, 179
– deciduous dentition 174, 175
– impacted teeth 178, 179
– occlusal fissures 178, 179
– residual 210, 211
– secondary 180, 181
cemental dysplasia 152, 154–156
– periapical 198, 268, 269
cemento-osseous dysplasia 268, 269
– florid 268, 269
cementoblastoma 270, 271
central granuloma 164, 165, 194, 195
cervical lymph node calcifications 166, 167, 168
cheilognathopalatoschisis 148–150
children
– bitewing radiographs 54, 55, 70, 71
– caries 174, 175
– fibrous dysplasia 272, 273
– occlusal radiographs 62, 63
– positioning 14, 15, 54, 55, 62, 63
– tooth and jaw development 36–39
chin 64, 65
chondroblastic osteosarcoma 298
chondroma 282, 283
chondromatosis
– synovial 228
– temporomandibular joint 228, 229
cleft lip/jaw/palate 148–150
cleidocranial dysplasia 146, 148, 149, 160
concrements 166–171
condyle
– fracture 230, 231
– osteochondroma 228, 230, 231, 282, 283
contamination in film processing 130, 131, 132, 133

coronal projection *see* bite-wing radiographs
 Costello syndrome 154
 Craig cysts 238, 252, 253
 cysts
 – bone 278, 279
 – aneurysmatic 278, 279, 280
 – solitary 278, 279
 – calcifying odontogenic 262, 263, 264
 – classification 238, 239
 – developmentally induced 238, 240–247
 – nonodontogenic 238, 246–247
 – odontogenic 238, 240–245
 – eruption 238, 242, 243
 – follicular 238, 240, 241, 242, 243, 244, 245
 – inflammation-induced 238
 – lateral periodontal 238, 244, 245
 – nasoalveolar 246, 247
 – nasolabial 238
 – nasopalatine 238, 246, 247
 – paradental (Craig) 238, 252, 253
 – primordial 238, 240, 241
 – radicular 238, 304, 305
 – inflammation induced 248–253
 – radiographic signs 238, 242, 246, 250
 – Stafne 148, 149, 280, 281
 – *see also* pseudocysts

D

3D surface reconstructions 106, 107
 De-Barys syndrome 152
dens in dente 154, 155, 156
dens invaginatus 154
 dental calculus 166, 167, 186, 187
 – periodontal disease and 188–190, 191
 – subgingival 166, 167, 190, 191
 dental CT programs 104–107

dentis concreti 156, 157
dentis confusi 154, 155, 156
 denticles 156, 157, 158
 dentin dysplasia 152
 dentinogenesis imperfecta 150, 151, 152
 development of dentition 36–39
 development of radiographs 128, 129
 diabetes mellitus 192, 193
 digital radiography 134, 135
 – image processing 136, 137
 – image quality 140, 141
 – image storage 138, 139
 – length measurements 136, 137
 – sensors 138, 139
 duplicature 154, 155, 156
 dysmorphia, mandibulo-oculo-facial 148
 dysostosis
 – acrofacial 220, 222
 – mandibulofacial 220, 222
 – pyknodysostosis 172
 dysplasia
 – cemental 152, 154–156
 – periapical 198, 268, 269
 – cemento-osseous 268, 269
 – florid 268, 269
 – cleidocranial 146, 148, 149
 – dentin 152
 – ectodactyl-ectodermal dysplasia clefting syndrome (EEC) 150
 – ectodermal 172
 – hypohidrotic 154
 – fibrous 272, 273
 – jaw 148, 149
 – mandibulo-acroteric 312
 – oculoauriculovertebral 150, 222
 – temporomandibular joint 220, 221, 222, 223

E

ectodactyl-ectodermal dysplasia clefting syndrome (EEC) 150
 ectodermal dysplasia 172

edentulous patients 16, 17, 80, 81
 edge effect 180
 Ehlers–Danlos syndrome 158, 192
 emulsion technique 126, 127
 enamel
 – hypocalcification 154
 – hypoplasia 154
 enamel pearls 156, 157, 158
 encapsulated granuloma 196, 197, 198
 eosinophilic granuloma 190, 191, 192, 193, 230, 276, 277, 278
 epulis 276
 eruption
 – impacted teeth and 160, 161
 – permanent dentition 38, 39
 – disturbed 70, 71, 160, 322, 323
 – primary dentition 36, 37
 eruption cysts 238, 242, 243
 Ewing sarcoma 296, 297
 exostoses 288, 290, 291

F

facial skeleton 94, 95
 – fractures 312, 313
 fibro-odontoma, ameloblastic 256, 257, 260
 fibroblastic osteosarcoma 298
 fibrodentinoma, ameloblastic 260
 fibroma
 – ameloblastic 256, 257, 258
 – ossifying 284, 285
 fibrosarcoma 230
 – ameloblastic 298, 299
 fibrous dysplasia 272, 273
 film packet construction 126, 127
 film processing 128, 129
 – errors 130–133
 florid cemento-osseous dysplasia 268, 269
 focal sclerosing osteomyelitis 196, 197, 198, 199, 202
 follicular cysts 238, 240, 241, 242, 243, 244, 245

- differential diagnosis 244

 – spiral tomography 26, 27
 maxillary sinuses 74, 75
 – anatomy 208, 209
 – chatarrhal sinusitis 214, 215
 – dentogenic infections 210-215
 – foreign bodies 218, 219
 – polyposis 218, 219
 – pseudocysts 216, 217

– rhinogenic infections 214-218
 – root canal filling material 218, 219, 314, 315
 – root fragment 218, 219
 metastases 300, 301
 Meyer-Schwickerath-Weyer syndrome 150
 microdontia 148
 micrognathia 222, 223
 mixed dentition 14, 15, 70, 71
 – bitewing radiographs 54, 55
 – caries 174, 175
 – disturbed eruption 70, 71
 – intraoral radiographic survey 40, 41
 molars
 – impacted 52, 53, 116, 117, 122, 123, 158, 159, 314, 315
 – localization 116, 117, 122, 123
 – mandibular 50, 51, 52, 53, 64, 65, 78, 79
 – maxillary 46, 47, 52, 53, 72, 73, 74, 75
 – third 52, 53, 64, 65
 multi-layer procedure 24, 25, 26, 27
 myxoma 230
 – odontogenic 258, 259, 262

N

Naegeli syndrome 172
 Nager syndrome 220, 221, 222, 223
 nasoalveolar cysts 246, 247
 nasolabial cysts 238
 nasopalatal structures 72, 73
 nasopalatine cysts 238, 246, 247
 neoplasms, temporomandibular joint 228-230
 neutropenia 192, 193

O

occlusal plane 4, 5
 occlusal projection 40, 58-65, 80-81

oculoauriculovertebral dysplasia 150, 222
 oculodentodigital syndrome 150
 odontodysplasia 154-156, 155
 odontogenic myxoma 258, 259, 262
 odontoma 264-267
 – complex 266, 267, 314, 315
 – compound 264, 265, 266
 oligodontia 146, 147
 onycholysis 154
 orofaciодigital syndrome (OFD) 172
 orthopantography (OPG) 2, 3
 – positioning 4-23
 ossifications 168, 170, 171
 ossifying fibroma 284, 285
 osteoblastoma 286, 287
 osteocartilaginous exostoses 288, 290, 291
 osteochondroma 228, 282, 283

- summation effects 30–32, 70, 72, 73, 76, 77
- sunburst effect 296, 297
- synovial chondromatosis 228
- synovialoma 230

T

- tangential effect 34, 70
 taurodontism 78, 150, 151, 152, 258, 259
 Taybi syndrome 160
 technical errors 66–69
 temporomandibular joint (TMJ) 12, 13, 96, 97
 – ankylosis 230, 231
 – articular disk 236, 237
 – displacement 236, 237
 – axial CT 104, 105
 – chondromatosis 228, 229
 – coronal CT 102, 103, 104, 105
 – dysplasia 220, 221, 222, 223
 – fractures 310
 – hyperplasia 224
 – hypoplasia 222
 – inflammation 224, 225, 226, 227
 – luxation 312
 – MRI 108, 109
 – multi-layer procedure 24, 25
 – trauma 230
 – traumatic occlusion 232, 233
 – tumors 228–230
- tomography 2, 3
 tongue position 16, 17
 tooth buds 14, 15
 tooth fracture 302, 303, 304, 305, 308, 310, 311
 tooth luxation 302, 303
 tooth resorptions 162–165
 – external resorption 164
 – internal resorption 162–164
 – physiologic resorption 162
 – unphysiologic resorption 162
 transition phenomenon 180
 trauma
 – periodontal pathology 194, 195
 – temporomandibular joint 230
 – tooth 304, 305
 – *see also* fracture
 traumatic occlusion 232, 233
 tricho-dento-osseous syndrome (TDO) 152, 154
 tuberosity region 74, 75
 tumors
 – temporomandibular joint 228–230
 – *see also specific tumors*
 twinning 156

V

- Van-der-Hoeve syndrome 292, 293
 Van-der-Woude syndrome 150
 volume tomography 106, 107

W

- Waters projection 88, 89
 Weyers–Thier syndrome 150
 wisdom teeth 52, 53
 Witkop–Brearley–Gentry syndrome 154

Z

- zygomatic arch fracture 308, 309, 318, 319
